Yellow Current Project Status

Due to unforeseen circumstances, our faculty advisor, Dr Stapleton, will be unavailable for the remainder of the week. We wanted to review our progress with him, but it will have to wait. In the meantime, we are troubleshooting code for the remaining Clicks and testing on the FRDM-KL46Z.

Individual Updates (Activities Completed, Activities Planned)

Alfonso Working on LightRanger and Guassmeter Clicks and continue work on the Team Final Report

Dylan Debug USB UART Click, begin poster design and FDR presentation

Mohamed Solder prototype boards and test them
